

Internal motors for demanding users

E'DYN

## Heavy duty

## EXTRAORDINARY POWER AND DYNAMICS

Lively. Strong. Surprising.

The Power motor range represents internal motors with power from 10kW to 150kW. We can also make a motor up to 1700kW to order. We adapted the batteries to the Power series. They provide long operating autonomy with their minimal weight and high power.

**E'DYN WAS CREATED WITH  
ONE THING IN MIND  
- THE CUSTOMER.**
